**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not grant ATT an uncompetitive advantage in the internet space. This would be anti-American. My local fiber provider supports the local economy, provides exceptional service, is upgrading local networks and is more reasonably priced than the major carriers. I use it for my small business internet and dont want to be forced to switch to a different provider. Paying more for internet means less investment in my business, less growth and less job creation.

Keep things fair and give consumers a choice and a voice!

Sincerely,

Jan Mazura
